

Alcatel-Lucent Enterprise EM20 Expansion Module

The Alcatel-Lucent Enterprise Expansion Module EM20 is a cost-effective desk phone accessory, which extends Alcatel-Lucent Enterprise Myriad DeskPhone's functionality. EM20 is specially designed for administration, receptionist, secretary and other customers who have more telephone services at the same time. Taking the benefit of 20 built-in hard keys, users can set different functions associated with the hard keys like speed dial, which improves productivity a lot. EM20 is fully compatible with M3/M5/M7 DeskPhone.

Technical Specifications
