SMART SERIES - SMART CLASSIC

BP2300 / BM2300 Models

BP2300 SERIES

Pantum has newly launched a mono A4 classic printer series, with a simple and elegant new appearance to relieve daily work fatigue. This series of single-function printers supports flexible printing and efficiently meets the requirements of home users and small/medium-sized enterprises. It also provides users with an effective high-quality printing experience. The product occupies less than 0.08m², almost the size of A4 paper.

【Model】

BP2300/BP2300W/BP2300NW:
22ppm(A4)/23ppm(Letter)

【Monthly printing volume】

Recommended monthly printing volume is 2,000 pages

MULTIPLE CONNECTION METHODS FOR ULTIMATE PRINTING EXPERIENCE

Multiple connection methods

Supports multiple connection methods such as USB, Ethernet and Wi-Fi to meet the printing needs of government agencies with higher security. Provides great portability for families who tend to choose mobile printing. Equipped with multiple connectivity ports to adapt your printing habits.

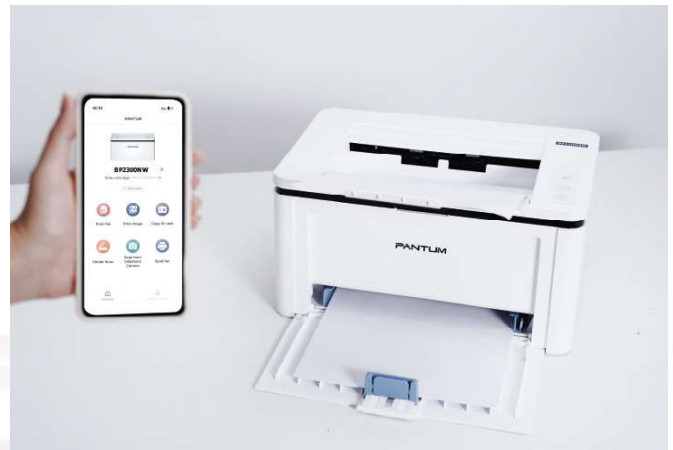

Bluetooth network configuration

The printer can be quickly identified and connected by using Bluetooth within 30 seconds.

Easy mobile printing

Supports direct printing. Mobile phones with Airprint and Mopria can connect to the printer without the mobile app to print files and pictures.

Pantum APP

Print directly from various mobile applications such as WhatsApp or Google by sharing documents/pictures directly to the installed Pantum App.

GOOD HELPER IN LIFE AND WORK

SIMPLIFY PRINTING TASKS

Convenient driver installation

The compact printer has either one-step driver installation or driver-free installation. (Windows 8.1/10/11 system supports driver-free installation, you can print after connecting the computer and printer through a USB cable. For other systems, install the Pantum driver with one click)

Flexible capacity to meet diverse needs

We provide 1,000-page standard capacity toner cartridges for home users and small businesses to meet daily printing needs. At the same time, there are also 1,600-page options to promote longer printing life and lower cost per page. No matter which option you choose, your printing will be more budget friendly.

Easy replacement, worry-free toner cartridge

If the integrated toner cartridge inside the printer needs to be replaced, it can be replaced by pulling and installing it. The replacement can be completed with one hand, and the angle for taking out the toner cartridge is ergonomic that means in line with the natural wrist bend angle.

NOVEL APPEARANCE

MODERN IMPRESSION

Simple and compact new appearance

The common use shortcut keys are designed on touch panel in the newly designed Smart Classic Series. It offers a skin-friendly and delicate home style.

Say goodbye to big and bulky printers. The machine body of the BP2300 series only weighs 4.7KG. It has a latch handle with suitable space and can be easily moved.

MULTIPLE CONNECTION WAYS

ULTIMATE PRINTING EXPERIENCE

Multiple connection methods

Supports multiple connection methods such as USB, Ethernet and Wi-Fi to meet the printing needs of government agencies with higher security. Provides great portability for families who tend to choose mobile printing. Equipped with multiple connectivity ports to adapt your printing habits.

Bluetooth network configuration

The printer can be quickly identified and connected by using Bluetooth within 30 seconds.

Dual-band Wi-Fi

Compatible with both 2.4GHz and 5GHz Wi-Fi, offering a high-speed connection that significantly reduces connectivity time.

Easy mobile printing

Supports direct printing. Mobile phones with Airprint and Mopria can connect to the printer without the mobile app to print files and pictures.

Pantum APP

Print directly from various mobile applications such as WhatsApp or Google by sharing documents/pictures directly to the installed Pantum App. Using Pantum App can print, copy or scan important documents and pictures quickly.

*Please select the NW mode that supports dual-band Wi-Fi for optimal performance.
*Please select the model with Wi-Fi to have mobile printing and Bluetooth connectivity.

EASY AND VERSATILE PRINTER SKILLS

High scanning cost performance

Flatbed and automatic document feeder of Smart Classic Series MFP printers have up to 1200*1200dpi scanning resolutions, can keep memories of your life and study fresh in the form of documents by scanning.

Rich scan output options

The printer will automatically save scanned documents in the desired location, such as your mobile phone (supports Android and iOS systems), computer, or email. It is also capable of efficiently scanning and archiving large volumes of paper documents, accommodating your needs for learning or enterprise purposes.

Highly compatible Flatbed design

The flatbed is not only suitable for copying A4 paper, but can also easily cope with the copying needs of thick books or magazines. Its adjustable hinge supports documents, books or magazines of various thicknesses, ensuring clear and efficient copying results at one click.

Diverse usage scenarios

No need to worry about school homework anymore. With just a few simple settings, the printer can easily print booklets and posters. They also can add watermarks to documents, ensuring easy tracking, security, and traceability of printed content.

GOOD HELPER IN LIFE AND WORK

SIMPLIFY EVERY TASKS

Convenient driver installation

The compact printer supports either one-step driver installation or driver-free installation. (Windows 8.1/10/11 system supports driver-free installation, you can print after connecting the computer and printer through a USB cable. For other systems, you can install the Pantum driver with just one click)

Intuitive operation panel

Feature a modern touch panel design instead of traditional rubber buttons. The touch panel displays clear print/copy commands, making it easy for both elderly individuals and children to use confidently.

EXCEPTIONAL HUMAN ORIENTED DESIGN

Intelligent machine design to enhanced security

In redesigning the touch panel, we have paid special attention to ensuring it is safe for users. We have meticulously polished the curved edges of the machine panel and manuscript plate, eliminating sharp corners that could pose a safety hazard. This intelligent design not only prioritizes user safety, but also significantly reduces the risk of collisions, providing users with a secure and worry-free experience.

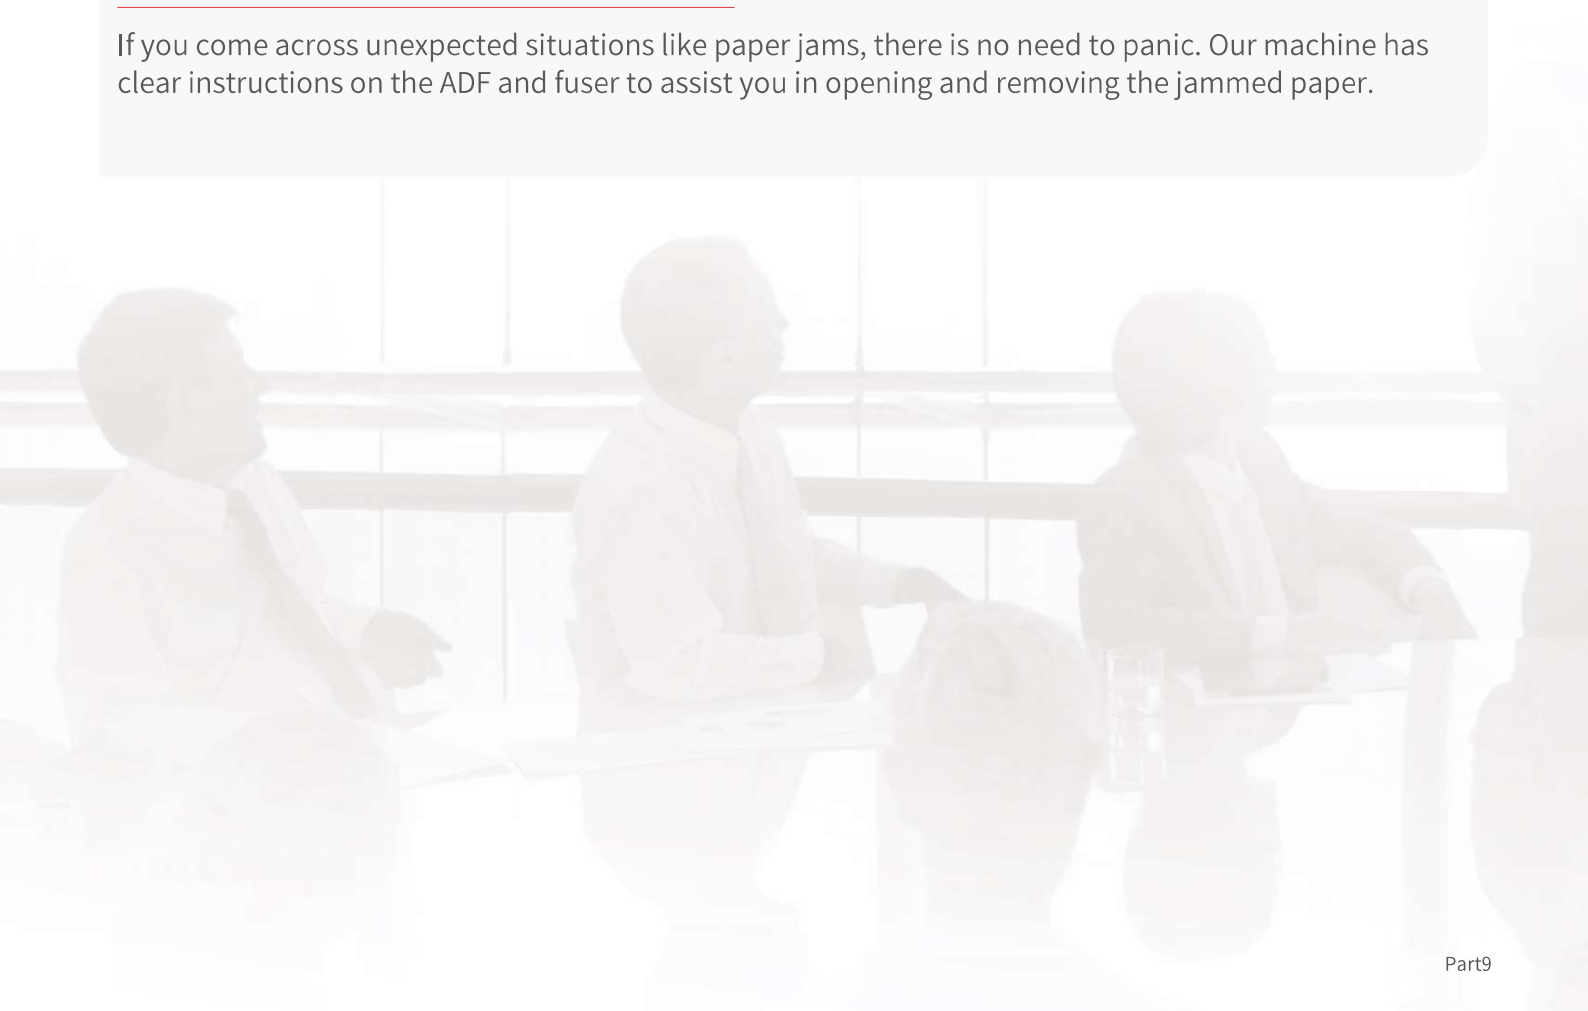

Multi-size paper printing

In order to adapt to different printing needs, this machine is equipped with an adjustable paper tray. Users can easily adjust the tray size according to the paper size they need to print such as legal, A3, A4, etc. to ensure precise printing.

Get rid of paper jam problems with one click

If you come across unexpected situations like paper jams, there is no need to panic. Our machine has clear instructions on the ADF and fuser to assist you in opening and removing the jammed paper.
