olivetti

A range of portable and desk products designed to meet every work, professional and personal needs.

The entire ECO FRIENDLY line and the solar powered version offer high quality performance, reliability, efficiency and meets environmental safety requirements.

These are highly comfortable products due to their ergonomic keypads and wide displays, able to compute both simple financial calculation and more complex logic operations.

SUMMA 60

Ideal for daily use, portable and manageable, both battery and solar powered. Easy to use due to the large and sensitive keys, coloured differently based on the different functions.

| 12 DIGIT | BUSINESS CALCULATION | TAX | CURRENCY | | |

SUMMA 301

The smallest in the range, lightweight, easy to carry, equipped with a 12-digit display and B/W impact printer. Perfect for on the go financial calculations, currency conversions and tax calculations.
Environmentally friendly, guaranteed low and efficient energy consumption thanks to the sleep mode.

| 12 DIGIT | FINANCIAL CALCULATION | TAX | CURRENCY | |

SUMMA 302

Ample, simple and easy to use keypad.
Easy to carry, since both battery and electrically powered, it comes with a two-colour impact printer that guarantees the immediate differentiation between the various operations. It calculates cost, margin and sales price in addition to main currency conversion and percent calculations. The sleep mode helps to guarantee low energy consumption and respect of the environment.

| 2 COLOUR PRINTING | 12 DIGIT | BUSINESS CALCULATION | CURRENCY | |

SUMMA 303

Desk calculator, designed for semi-professional use, with a two-colour impact printer.
It comes with an ample ergonomic keypad, with soft keys, differently coloured according to the different calculation functions. Ready to use and able to save several calculations simultaneously, it calculates totals along with tax, currency conversions and mark-ups.
The sleep mode guarantees reduced energy consumption and respect for the environment.

| 2 COLOUR PRINTING | 12 DIGIT | TAX | CURRENCY | |

LOGOS 902

Designed for professional use featuring a large two-colour display, providing bright, clear and legible results in all lighting conditions.
The printer is a two-colour impact printer.
In addition to basic functions, like tax, mark-up and currency conversion calculations, it has a Memory and mark-up/mark-down.
Electrically powered, it guarantees reduced energy consumption.

MEMORY LOGIC | **12 DIGIT** | **2 COLOUR DISPLAY** | **2 COLOUR PRINTING** | **TAX** | **CURRENCY**

LOGOS 904T

Comes with a fast, silent alphanumeric thermal printer and a large 14-digit 2-colour backlit display. Lets you calculate cost, margin and sales price as well as delta deviation calculation (%), tax and mark-up/mark-down.
One of the main features of the Memory logic is the option of saving different operations that therefore allows results to be saved to the internal memory. Accurate and reliable calculations.

MEMORY LOGIC | **THERMAL PRINTER** | **14 DIGIT** | **2 COLOUR DISPLAY** | **TAX** | **CURRENCY**

ECO FRIENDLY — A calculator line that respects the environment and safeguards health

SAVING — Low Energy consumption thanks to automatic switch-off of the display after 3 minutes of inactivity allowing significant energy savings.
All calculations are kept on memory

RECYCLED RECYCLABLE — It is produced using recycled plastic that can be recycled again at the end of the product's lifetime

ANTISEPTIC — An exclusive feature only for the Logos' line is the antiseptic keyboard, able to prevent the spread of bacteria and micro-organism harmful to the health

CONSUMPTION EFFICIENCY — High energy efficiency to meet eco-design power consumption requirements
